Stone-Look Stoneware

NEW!
Antibacterial Technology

ROVIC ANTIBACTERIAL

Pure

Pure is the new antibacterial technology for ceramic surfaces, developed to eliminate up to 99.9% of bacteria and other harmful micro-organisms, rapidly and effectively combating their proliferation and preventing the formation of stains and unpleasant odours.

The antibacterial action, tested in accordance with the strictest international standards, is guaranteed by an advanced and exclusive silver ion treatment that is incorporated into the ceramic material during the production process and ensures active and permanent protection on surfaces in any light condition, including in the absence of UV rays.

STONE LOOK

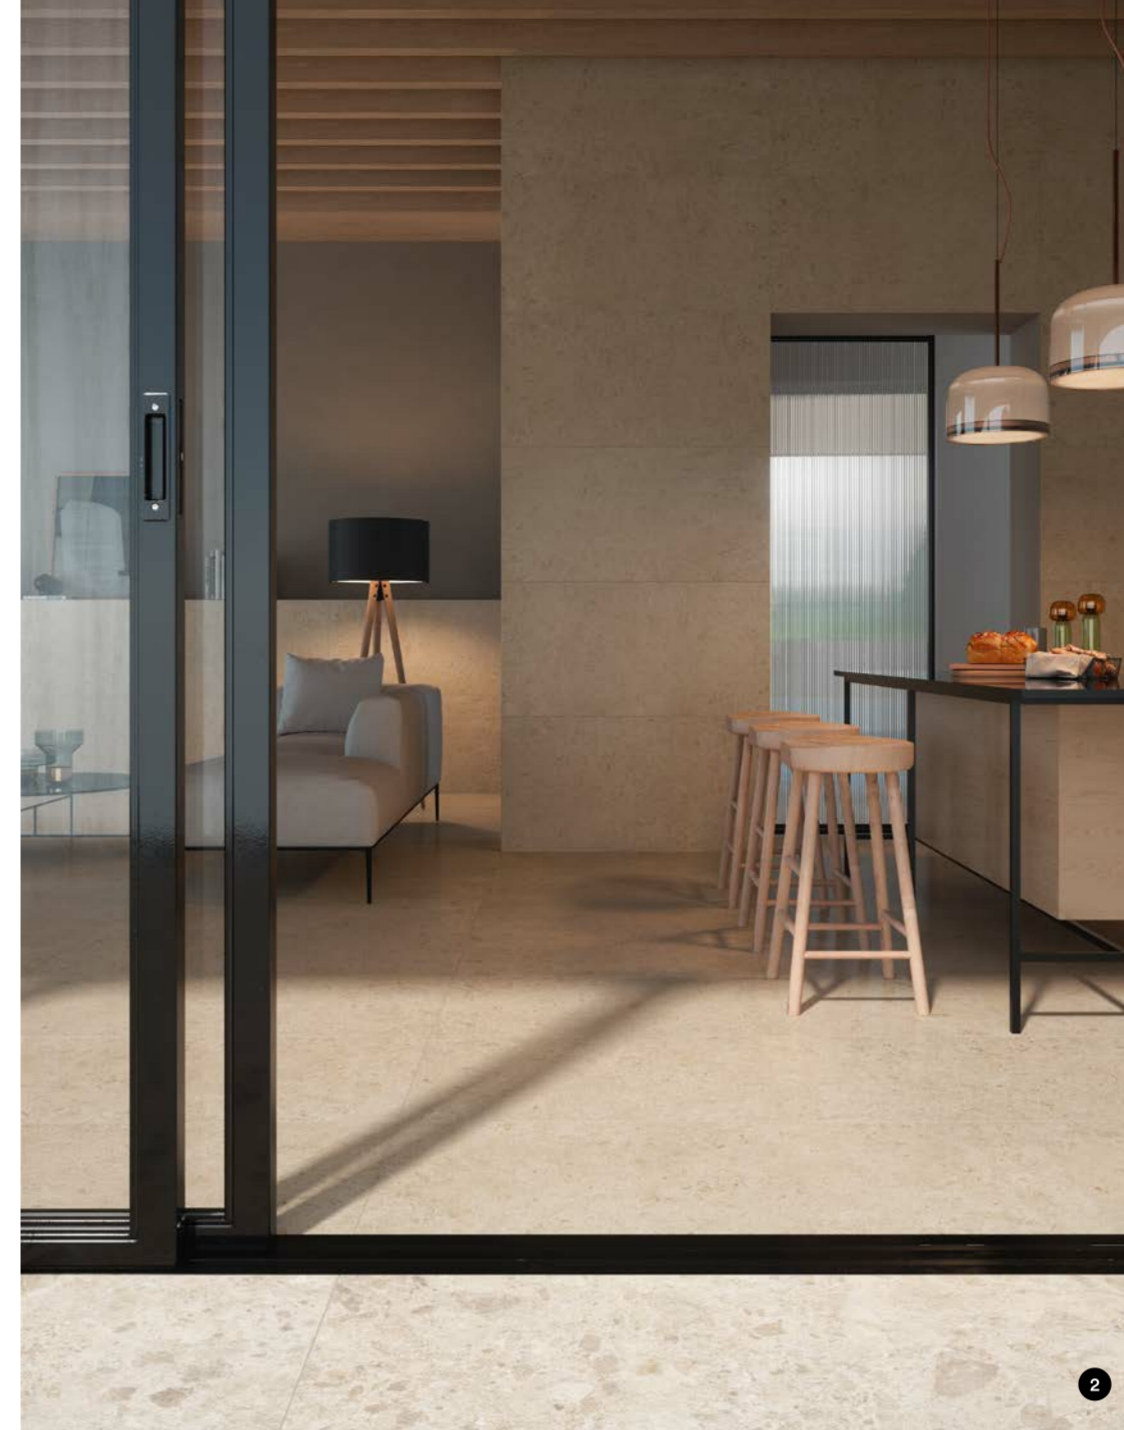

Jupiter

Jupiter is a collection for indoor and outdoor floors with a dual personality. Understated and minimalist, in the Bianco, Arena and Greige colours, and with a bold character in the same number of colour variants ranging from grey to brown, including pebbles in different shapes, sizes and colours that characterise the surface.

The result is a material that is soft to the touch, enhanced with the advanced 'Stepwise', anti-slip solution.

Seamless design, great expressive potential and an eco-friendly approach - 40% of the product is made of recycled material. Jupiter coverings complete the collection with an electric decorative range.

Permanent antimicrobial protection.

Pure technology actively and constantly eliminates bacteria and other contaminating microorganisms under any light conditions.

Eco-friendly.

Made of 40% recycled material. •

Hygienic and durable.

Does not contain or release harmful substances and eliminates stains, odours and other forms of wear.

StepWise™

Surfaces created with StepWise™ technology: high anti-slip performance, yet easy to clean since they are completely smooth.

1 Limestone, 2 personalities

Two styles for captivating limestone inspiration: one discreet and natural, the other lively and multifaceted.

3 + 3 Colours

Blanco, Arena and Greige, and 3 Mix variants, ranging from grey to brown.

In & out

For exceptional aesthetic and design continuity between outdoor and indoor spaces.

Versatile and decorative appeal

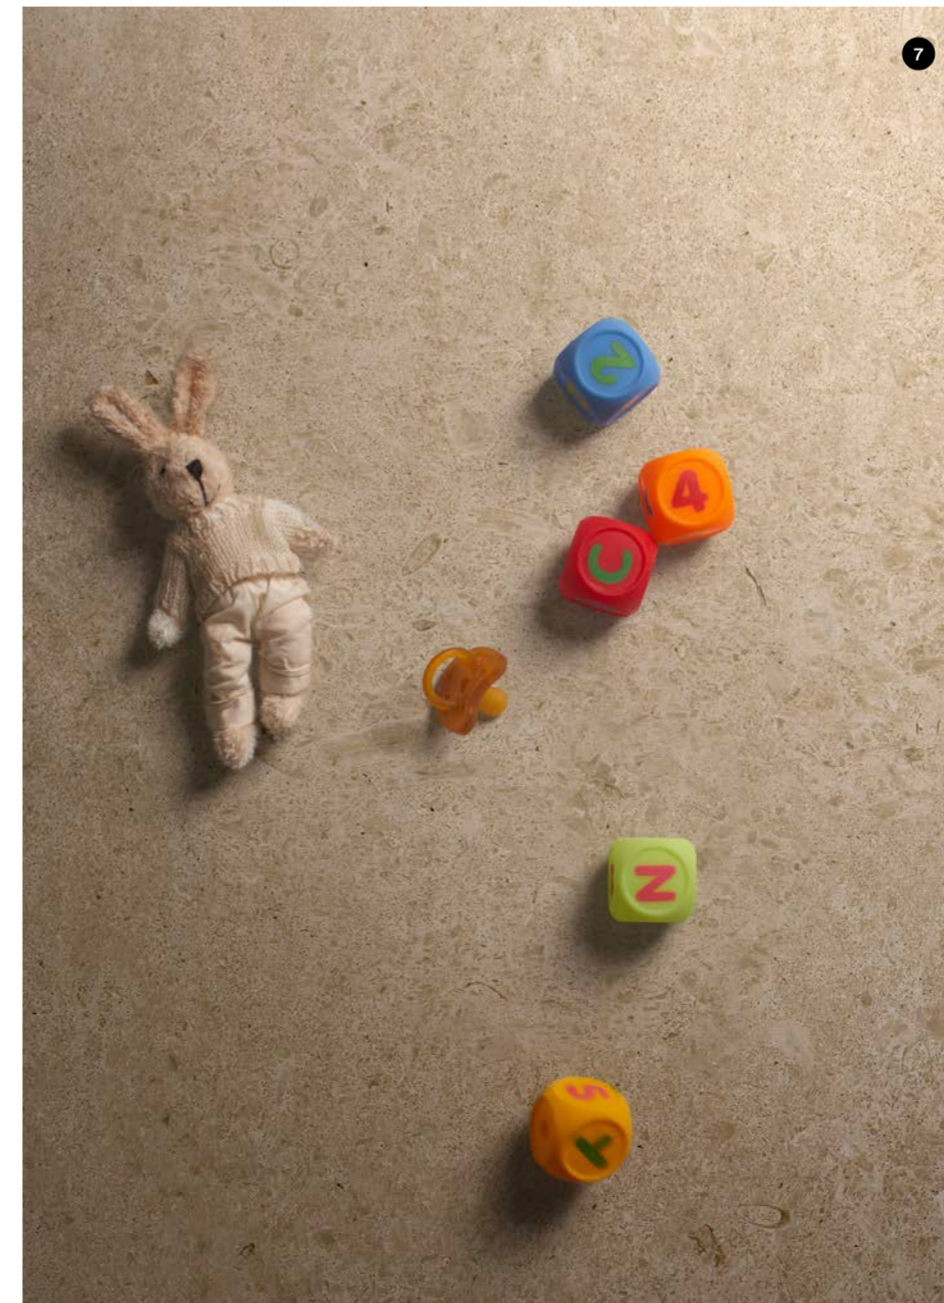

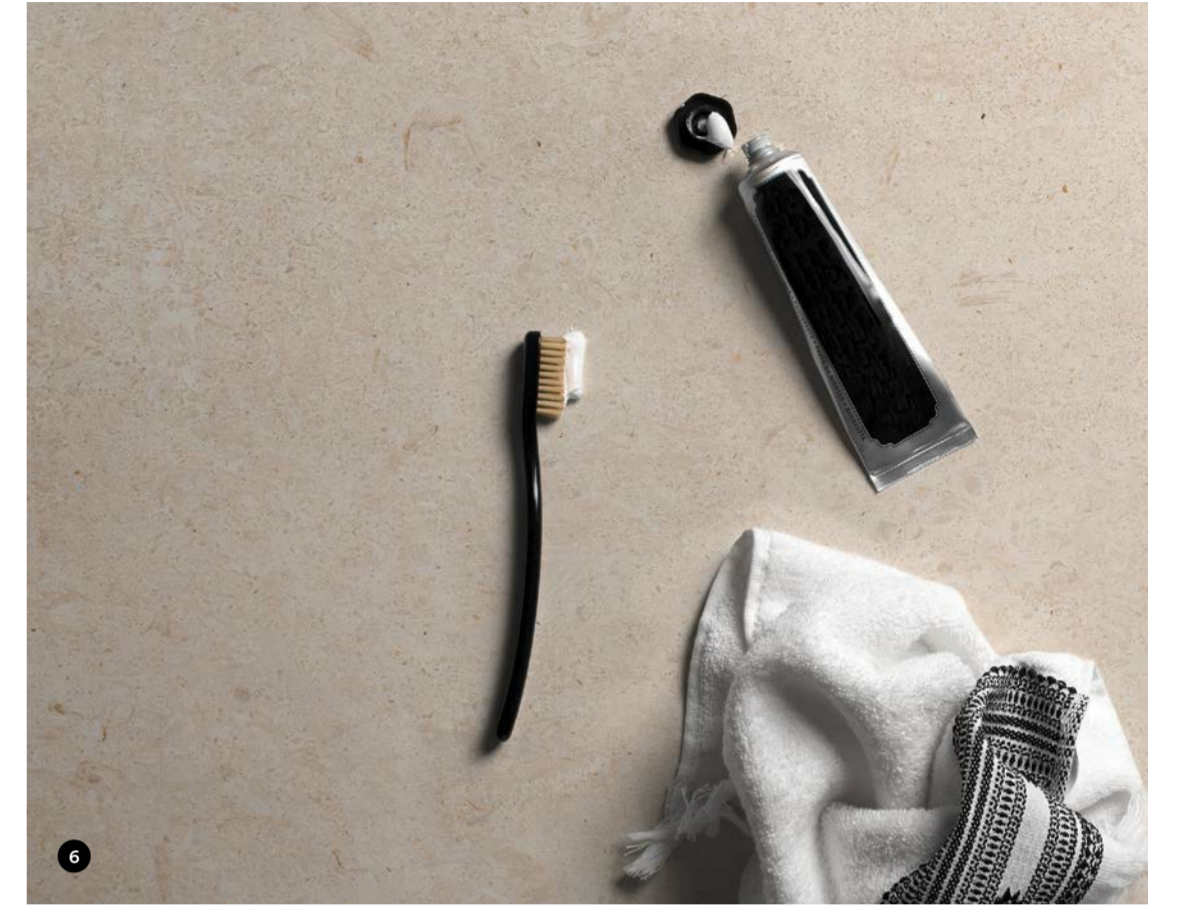

Multiple sizes and an eclectic decorative system for great expressive freedom and a wide range of installation options.
